

# CAPABILITIES STATEMENT

## ABOUT JJR SOLUTIONS

We're a Service-Disabled Veteran-Owned Small Business (SDVOSB) working to improve the health, well-being, and security of our communities and nation through management consulting and IT solutions.

- **We change “business as usual” for our clients** by delivering transformational services on time and on budget while providing a top-notch customer experience.
- **We get clients to results faster**, whether it's through our Phase III Small Business Innovation Research (SBIR) vehicle or the Agile culture of teamwork we bring to contract execution.
- **We help clients deliver on their commitments** by harnessing the broad skills our consultants have gained serving federal civilian, military, and commercial organizations. We bring the right tools, technologies, people, and processes to each project.
